553.633/433

Homework #7

Due Monday 10/22/18

Four problems:

4.1.

4.3.

4.8. Note: The reference to "simulation time" in part (c) refers to a value of T potentially different than T in parts (a) and (b) (not to, say, computer run time).

4.10.

Note: Some problems above refer to "regenerative systems"; we will cover that topic on Wed. 10/17/18.
